Untreated wood gets its unique character due to the naturalness. Colour or structure variations from the samples shown are standard and have to be accepted. The wood will get a desired patina overtime with daily use, which emphasizes the character of the wood. For further care please notice the general wood information. Puttied areas may have a different colour appearance depending on the surface. For example, dark putty can look lighter on untreated wood.

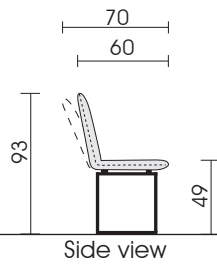

* = Available on request against processing surcharge

✓ = Bullfrog recommendation and standard surface

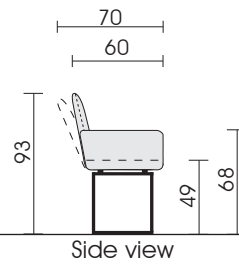

∅ = These variants are not available

Model 5728 Casino is also available as outdoor product!
