 „R“ = mirrored item

QUALITY FEATURES:

- Carcase and front in the 2 lacquer colours crystal white and anthracite matt.
- 3 accent fronts available: in timber oak or with straight or slanted slats.
- Visible spaces with rear panels and shelves in oak finish, suitable to the oak colours O3, O7, 72, 75 and 76.
- LED lighting for an interesting lighting atmosphere in the spaces, also with a top panel lighting and underframe lighting (only in connection with the underframe) available.
- Touch-Light to operate all lightings or with a remote transmit dimmer at a surcharge.
- High-quality fittings with self-close mechanism.
- Full pull-out drawers.
- Handles in stainless steel optic for the crystal white fronts; with fronts in anthracite matt the handles are in anthracite finish as well.
- Glass doors in Optiwhite clear finish.
- Adjustable feet for all standing cabinets - adjustable from the inside.
- All standing cabinets are available with a metal underframe in crystal white matt or anthracite matt.
- Cable management system:
 - cable outlet with plastic cover in the top panel for the lowboards and stacking elements.
 - cable cover in lacquer finish for hidden cable management as well as a tiltable and swiveling TV wall mount.
- Special design (special width, height and depth) available on request.
- Individual room concepts with the planning programme **furnplan**
- No special colours available!
- 5-Year-Guarantee according to Quality Pass.
- Made in Germany

Important notice:

The supplied fastening material (dowels and screws) is intended only for assembly of components to concrete or solid masonry walls. When assembling components to a wall please always adhere to the max. load values. The nature of the designated wall is ideally enquired during the order process and checked again before assembly by the assembly technicians. If the structure of the wall is deviating from solid structure (e.g. lightweight walls) a different, suitable attachment method is imperative. Clarify all electrical conditions for connection and device technology upfront. Freely hanging lightings need a solution with a duct channel on or below plaster.
